

Montauk

Montauk

Armor Class: 8

Hit Dice: 1

Attacks: 2 claws (1-2hp), 1 bite (1d4)

Saving Throw: 18

Special: None

Move: 6

Challenge Level/XP: A/10

The Montauk seems likely to be a cross between an owlbear and kobold. Standing about 3 feet tall, they are mangy and very stupid beasts - although perhaps fearless as a result. Usually encountered alone or as a pair of nesting mates, their sharp claws and beaks can prove deadly to the average human adult. They prefer marshy areas near coastal estuaries and have been observed swimming short distances in lakes and at sea.
